Working Student/Intern Software-Developer JavaScript/TypeScript (m/w/d)

WORKING STUDENT/ INTERN

You want to get a taste of startup life and learn how to internalize code from our tech team during your studies or internship? Then you've come to the right place! Become part of the snapADDY team!

Your daily doing will involve

- Contributing to and further developing our snapADDY product range based on browser extensions, web apps, and mobile apps (as well as the corresponding backends).
- Diverse possible range of tasks from app development with Ionic to web apps in Angular to backends with NodeJS, depending on your strengths and interests.
- Own projects: As part of our agile team, you have your own areas and tasks that you can technically design and push yourself.

Your profile

- You have basic knowledge in modern web development with JavaScript (or great interest in it).
- Ideally, you already have some experience with web app frameworks (such as Angular, React or Vue).
- Your way of working is structured and analytical, which allows you to work independently and efficiently on projects.
- With your open and friendly character, you enjoy working with colleagues in a team.

Our Technologies:

- Development in JavaScript and TypeScript
- Web and apps: Angular, Ionic, Cordova/Capacitor, Web Extensions.
- Backend: NodeJS, NestJS, TypeORM, PostgreSQL, Redis
- Tools: GitHub with Zenhub, Slack, GitHub Actions, Ionic AppFlow.
- Hosting: Amazon Web Services (AWS), Lambda Functions, Kubernetes

Presence in our office in downtown Würzburg to support our team in the best possible way.

About snapADDY

snapADDY develops software-as-a-service to digitize the world of sales. With our products, we help companies automatically capture contacts and leads at trade shows and in everyday life. In this way, we reduce the unnecessary and cumbersome work of manually entering contacts and improve data quality in CRM systems. Our software solutions enjoy great popularity and are currently used productively by more than 2.500 customers: from start-ups to medium-sized companies and corporations.

Since its founding in 2015, the company has grown from a start-up to a team with over 85 international employees. In January 2021, we opened our second location in Vulaines-sur-Seine, near Paris. Our mission is to become the world's leading company that automatically keeps CRM systems up to date and provides the best quality way to capture contacts and leads.
